

Moving Checklist

Congratulations!

You have purchased your home and now you are getting ready to move!

Whether you have moved numerous times in your life or have never made a move, we hope that the next few pages contain tips and checklists so that your move is as organized and effortless as possible.

Think about your move as a series of small projects that you can begin while your home is under contract. Your move should progress along with your contract and closing progresses. That way, when the day comes to physically move your belongings, most of the details will be taken care of.

Depending on how far you are moving (across state versus across town) you might want to check into a moving company or a moving van rental. With prior planning either of these options can make your move less stressful.

Keep detailed records –some moving expenses are tax deductible!

Packing Checklist

Tips to make your move a little bit easier

Packing Tips

- A Survival Bag should consist of personal items you'll need during the move (change of clothes, toiletries, medicine, maps, food, and drinks). Keep it in an easy-to-find place when you are packing.
- Collect cushioning material such as bubble wrap, styrofoam, furniture pads, old blankets, plastic bags, tissue paper, newspapers, and small towels for padding
- Create a "portable packing kit" with marking pens, a tape measure, packing tape, twine, and scissors. Carry it with you as you pack up items around your home.
- Gather boxes in all sizes from friends, neighbors, and stores
- Reinforce the bottom of boxes with extra tape for added strength.
- Label each box with the name of the room in your home where it should be placed. Try using colored markers for each room. Blue for living room, Yellow for Master Bedroom, Green for kitchen, etc.
- Label boxes containing fragile items with large red lettering.
- Keep boxes to 50 pounds or less
- Pack heavy items into their own smaller boxes and place lighter items together into larger boxes. (Don't pack all your books into one box!)
- Don't move flammable, combustible, corrosive, or explosive items such as paint, gasoline, and ammunition.
